SUMMARY

Motivated Computer Science Engineering student with proficiency in C, Java, Python, HTML, CSS, JavaScript, and React. Experienced in developing web applications, problem-solving, and implementing software solutions. Passionate about software development, full-stack technologies, and continuous learning, with a strong desire to build innovative and scalable applications.

EDUCATION

Koneru Lakshmaiah University, AP

B.Tech in Computer Science and Engineering (Cyber Security) — CGPA: 8.59/ 10.0

Guntur, India

2022 – 2026

TECHNICAL SKILLS

Languages / Scripting: Java, Python, SQL (MySQL), HTML/CSS, JavaScript

Security Tools: Metasploit, Wireshark, Nmap, CyberChef, SQLMap, Splunk

Security Platforms & Concepts: Network Security, VAPT, Threat Detection, Incident Response

Soft Skills: Problem Solving, Communication, Adaptability, Teamwork and Collaboration

PROJECTS

Online Exam Portal

- Developed the frontend of an Online Exam Portal using **Python** and the **Django** framework.
- Designed responsive user interfaces for student registration, examination management, and result tracking.
- Implemented authentication and exam workflow features to enhance user experience and system usability.

Online Art Gallery

- Developed the backend of an Online Art Gallery using the **MERN Stack (MongoDB, Express.js, React.js, Node.js)**.
- Designed and managed database operations for artwork storage, user profiles, and gallery management.
- Implemented RESTful APIs to facilitate communication between frontend and backend components.

Secure Email Gateway for Phishing Detection

- Developed a phishing detection web application using **Python** and the **Flask** framework.
- Implemented email authentication analysis using **SPF**, **DKIM**, and **DMARC** validation techniques.
- Designed algorithms to analyze sender information and email content for phishing indicators and suspicious behavior.
- Built an interactive web interface that provides automated phishing risk assessment and detection reports.

CERTIFICATIONS

- **AWS Certified Cloud Practitioner** – Amazon Web Services (April 2024 – April 2027)
- **Essentials Automation Certification** – Automation anywhere (January 2024)
- **SALESFORCE CERTIFIED AI Associate** – Salesforce (October 2024)
- **Cybersecurity Essentials** – Cisco (April 2024)

ACHIEVEMENTS & LEADERSHIP

- **Cyber Jagrit Bharat** October 2025
Earned the Cyber Jagrit Bharat Pledge Certificate from MeitY, Government of India, for participating in the National Cyber Security Awareness Month (NCSAM) 2025 cybersecurity awareness initiative.
- **Smart India Hackathon (SIH)** 2024
Participated in the national-level Smart India Hackathon, collaborating with a team to develop innovative solutions for real-world challenges.
